

# Commercial Development

Brenner has extensive experience in the development of office, medical, industrial and retail real estate. The Brenner Development Team works closely with its clients and professionals to create real estate facilities that maximize property values on a cost effective basis. We do this by first completely understanding our client's needs and combining this with our market knowledge and development expertise.

Brenner has the capability to manage all facets of the development process including:

- Project Feasibility
- Financial Engineering
- Master Planning
- Due Diligence Services
- Pre-Construction Services
- Engineering
- Exterior and Interior Design Solutions
- Estimating
- Scheduling
- Pre-construction
- Planning
- Design
- Zoning Services
- Permitting Services
- Quality Control
- Architectural and Engineering Services
- Lease Transaction Services
- Dispositions
- Site Plan Approval Services
- Municipal/Governmental Approval Services

With our ability to see a property as a land owner, tenant rep, landlord rep, or developer, we have the knowledge and experience, including a project management department, to bring a commercial project from dirt to rooftop celebration.
