

Owner/Seller Representation

We offer integrated brokerage/transaction services designed specifically to fit landlord needs. Our understanding of the dynamics of the South Florida real estate market enables owners to create maximum value for their asset or portfolio of assets. We then identify qualified buyers and negotiate terms of the sale to bring the transaction to a successful close.

For owners and sellers, we provide:

- Valuation
- Strategic Planning
- Property Positioning
- Marketing & Prospecting
- Transaction Brokerage
- Property Management
- Project Management
- Construction Supervision

From our experience as a property owner and marketing our own projects, we understand the steps that comprise quality representation. We'll help determine if a 1031 Exchange is right for you. Through our membership to commercial real estate databases combined with sources in our contact network, we can produce the most likely prospects for your property. As we represent your projects and become familiar with your goals, Brenner Real Estate Group can assist you in diversifying your property ownership mix through opportunities we discover.
